Organization Listing Status Form  103
August, 2011

Dear Friends:

Each of the organizations in this book does vital work and we are honored to include them. Whether focused on a particular region or operating statewide, the organizations work to improve the status of women and families in Connecticut.

We print this book, and update it regularly, because knowledge is critical to building a network of resources. We hope The Directory serves as a resource to you and your community, and that it will lead to individual and collective success in assuring the economic security, health and safety of the women of Connecticut.

As Marian Wright Edelman said, “We must not, in trying to think about how we can make a big difference, ignore the small daily differences we can make which, over time, add up to big differences that we often cannot foresee.” (Families in Peril, 1987.)

Sincerely,

Teresa C. Younger
Executive Director

About the PCSW

The Permanent Commission on the Status of Women (PCSW) was formed in 1973 under Sec. 46a of the Connecticut General Statutes to study and improve Connecticut women’s economic security, health and safety; to promote consideration of qualified women to leadership positions; and to work toward the elimination of gender discrimination.

As a non-partisan arm of the General Assembly the agency monitors, critiques and recommends changes to legislation to inform public policy, and assesses programs and practices in State agencies for their effect on the state’s women.

The PCSW serves as a liaison between government and its diverse constituents, and convenes stakeholders, including the business, non-profit and educational communities, local governments, and the media, in order to promote awareness of women’s issues.
